## About

The English School Fahaheel has served the expat community here for over half a century now. Our aim is to provide the very best in British education for our people in a supportive and caring environment. Member of the following associations: BSME, CIS.

## Our online learning journey

ESF started working with Google Suites in 2017.

In 2019, ESF trialed Education Perfect and subscribed to utilise this service for English, Languages and the Sciences at KS3.

## Why Education Perfect (EP)

Our School was seeking to expand upon the use of Learning Platforms to increase interactivity between students and teachers as we developed our ESF Portal. EP has provided us with a powerful and intuitive addition. The ability to monitor pupils' progress on their homework to help set personalised remediation to students as well as being to set assessments via e-learning has been a real help.

---

“Allows the teacher to closely monitor students’ areas of strengths and weakness in a subject”

**David Warner**  
Principal  
The English School Fahaheel

---

## Impact

- Enables the teacher to tailor the learning experience to the needs of our particular students
- Allows the teacher to closely monitor students areas of strengths and weakness in a subject
- Increases interactivity and enjoyment of lessons for students
- Provides an excellent source of reinforcement activities to be completed outside of the lesson
